To,
C. Narayanaswamy Naidu, Esq ,B.A.,B.L.,
Secretary to Government, Law Department,
Bangalore.

Sir,

Subject Improvement of Water Supply to provide adequate supply to certain areas in Mysore City

*****

I have the honor to state that complaints were frequently received from the residents of the several mohallas in the City in the matter of inadequate supply of water in higher areas where pressure would be low as water ~~is~~ was drawn from the residents in lower areas. The Sanitary Engineer who was consulted, inspected the areas with the undersigned and proposed the improvement of supply therein at a cost of Rs. 31,000/-
As immediate action was necessary in the matter as complaints were bound to increase especially when we are passing through a severe summer, the Sanitary Engineer was as per discussions with him in the matter requested to push through the work and to send up detailed estimates for sanction In his letter No 1465 dated 19th March 1943 the Sanitary Engineer forwarded the marginally noted estimates

1	Improving water supply to Loordinagaram Street, Lashkar Mohalla	Rs. 2,070
2	--Do-- to Kumbarkeri,Lashkar Mohalla	5,442
3	--Do-- to the east of Nazarbad	215
4	--Do-- to high portions of D Subbiah Road, Chamaraja Mohalla	1,353
5	Higher portions of Vanivilasa Road and Chamundeswari Road	490
6.	Higher portions in Narain Sastry Road-College road and Cheluvamba Agrahar	422
7.	Manantoddy road and Old Woodyard	2,830
8.	Kalamma Temple road	5,790
9	Laxmipuram	12,500
		31,112

2. In the meanwhile the Superintendent, Vani Vilas Water Works intimated in his report No 2111 dated 12th March 1943 that the cost of improving water supply to the area

P T.O

area in the Mission Hospital road by erecting a masonry tank with a Booster Pump, would be Rs. 10,000/-.

3. The above estimates together with the proposal of the Superintendent were placed before the Managing Committee for sanction at their meeting held on the 17th March 1943. On their recommendation the Municipal Council sanctioned the same in their meeting held on 31st March 1943 and resolved that estimates for other similar areas should be taken up very early.

4. As the works were very urgent and as they are under execution, the estimates have been countersigned and sent to the Sanitary Engineer with the necessary funds and I request you to kindly obtain sanction of Government to the expenditure in this behalf. The cost of these works will be provided for in the Revised estimates for the Current year

I have the honour to be,
Sir,
Your most obedient servant,

PRESIDENT. 11/4
